2024

A photograph of a stainless steel bowl filled with a textured, orange-brown powder, likely a spice mix, with a whole red tomato resting on the wooden surface behind it. The bowl is in the foreground, and the tomato is in the background. The background is a light-colored wooden surface with a diagonal grain. The image is framed by a green diagonal line that runs from the top left to the bottom right.

ABOUT US

We are dedicated to providing premium dehydrated goods globally & our commitment to sustainability and environmental friendliness drives us to produce delicious and responsible products. We source fresh, locally grown ingredients that meet stringent food safety standards. Our wide range of dehydrated fruits and vegetables offers convenience and flavor for busy lifestyles. We believe in fair trade practices, supporting local farmers, and promoting their financial stability. We also cater to bulk orders, ensuring everyone has access to our healthy, flavorful, and convenient food products.

BANANA POWDER

Rich with vitamins, fiber, and potassium, it's a natural substitute for synthetic sweeteners. Spoon it on your snacks, bake it into desserts, or thicken smoothies. Its an ideal option whether your goals are to enhance your health or give your meals a creative spin.

TOMATO POWDER

Filled of lycopene, an antioxidant connected to heart function, it's a natural substitute for synthetic flavorings. Use it just on your preferred foods or season soups, sauces, and marinades. Using our tomato powder will let you taste fresh tomatoes all year long.

GARLIC POWDER

Burst with antioxidants and antibacterial properties, it's a natural replacement for synthetic tastes. Use it simply on your favorite foods or season meats, vegetables, soups, and sauces. With our garlic powder, fresh garlic will taste great all year long.

GINGER POWDER

Our flavorful garlic powder is a natural replacement for artificial flavors. Add it or mix it with your favorite foods or season meats, vegetables, soups, and sauces. With our ginger powder, savor year-round the warm, fiery taste of fresh ginger.

ONION POWDER

It's a natural substitute for synthetic flavors. Use it just on your preferred foods or season meats, veggies, soups, and sauces. Fresh onions are tasty and you may enjoy them all year long with our onion powder.

ONION FLAKES

We present a focused explosion of onion taste. Season meats, vegetables, soups, and sauces using them; also sprinkle them over salads, sandwiches, and pizzas. Our onion flakes let you taste fresh onions delicious without having to deal with mess.

GREEN CHILLI POWDER

Either sprinkle it on your preferred foods or give your curries, soups, sauces, and marinades a hot kick. Our green chili powder allows you to savor fresh green chilies' strong heat and taste all year long.
